

LEVEL UP TO MAX 3

# ESCORT<sup>®</sup> MAX 3

Advance to the next stage in smart driving

The ESCORT MAX 3 levels up your driving game as the next evolution in connected driver alert systems. Be prepared and more informed for anything on the road ahead with premium range and advanced filtering.

Become part of the Escort Live Community giving you access to real-time shared alerts from other vehicles and drivers.

## M1 DASH CAM

It happens... We catch it.

The ESCORT M1 dash cam records the road ahead in 1080p high definition quality and is optimized for both day and night recording. The M1 is designed to attach to most ESCORT detector mounts while also using the same power source to operate the dash cam and detector.

# POWER UP YOUR RIDE

The Escort Max 3 makes higher-end detection technology and premium features easily attainable. Used alongside navigation apps, it provides additional protection and coverage with advanced detection plus all that the Escort driver community offers.

## AUTOLEARN TECHNOLOGY

Intelligent GPS-based technology learns your route and rejects false alerts

## UPDATEABLE IVT TECHNOLOGY

In-vehicle Filtering Technology (IVT) reduces false alerts for maximum precision

## ESCORT LIVE APP

Share and receive crowd-sourced alerts through bluetooth connectivity

## DEFENDER DATABASE

Get a bird's-eye view with red light and speed camera alerts in advance.

## 1 PREMIUM RANGE

Escort's legendary range provides rapid response and advanced alerts and warnings

## 2 ADVANCED FILTERING

Automatically reduces false alerts from In-Vehicle Technology (IVT) systems

## 3 AUTO-LEARNING INTELLIGENCE

Built-in GPS and AutoLearn continuously learn and remember to silence false signals

## 4 INTELLIGENT SPEED SENSITIVITY

Automatically adjusts sensitivity based on your speed to reduce false alerts and maximise accuracy

## 5 ESCORT DRIVER COMMUNITY

Be a part of the networked driver community sharing road alerts to provide even more coverage and range

## 6 DEFENDER DATABASE

Access the largest, most up-to-date resource alerting drivers to red light and speed cameras and other alerts
